1. EXECUTIVE COMPANY OVERVIEW

Arusha Networks Ltd (Arusha Networking Group) is a leading Information Technology and Security Infrastructure engineering firm headquartered in Arusha, Tanzania. We specialize in the end-to-end design, supply, installation, and ongoing maintenance of physical security and local area network infrastructure.

Unlike internet service providers, our core mission is strictly focused on building, upgrading, and managing internal IT networks and security systems for offices, lodges, residential estates, schools, and commercial facilities across East Africa.

2. OUR SERVICE GUARANTEES

- **Free On-Site Survey**
Free technical site inspection and assessment across Arusha.
- **1-Year Equipment Warranty**
Guaranteed genuine enterprise hardware with replacement support.
- **Same-Day Support**
Dedicated local technicians ready for immediate troubleshooting.
- **Complete Managed Infrastructure**
From physical cable laying to mobile app configuration and handover.

3. NETWORK INFRASTRUCTURE SOLUTIONS

' UTP & CAT6 / CAT6A Structured Cabling

High-density copper cabling, wall jack terminations, patch panel assembly, and neat rack cable management for offices and lodges.

' Fiber Optic Cabling & Splicing

Outdoor & indoor fiber optic installation, fusion splicing, OTDR testing, and high-speed backbone connections between buildings.

' Enterprise Wi-Fi & Coverage Optimization

Site signal surveys, access point placement, guest portal isolation, and seamless roaming with zero dead spots.

' Wireless Point-to-Point (PtP) Bridges

Long-distance wireless bridge links connecting distant lodges, camps, or farm buildings without cable trenching.

' Switches, Routers & Firewall Setup

Managed Gigabit switch configuration, VLAN segmentation, bandwidth optimization, and secure firewall protection.

4. PHYSICAL SECURITY INFRASTRUCTURE

' CCTV & 4K HD Surveillance Systems

Day/night vision IP cameras, PTZ zoom

cameras, NVR recording units, and 24/7 mobile app remote live view.

' **High-Voltage Electric Fence Systems**

Energizer installation, perimeter electric fencing, perimeter breach alarm integration, and compliant safety earthing.

' **Biometric & Card Access Control**

Fingerprint & facial recognition door locks, RFID keycards, staff time & attendance software, and access audit logs.

' **Automatic Gate Motors & Barriers**

Heavy-duty sliding & swing gate motors, automated parking boom barriers, wireless remotes, and keypad entry.

' **Motion Alarms & Sirens**

Infrared motion detectors, magnetic door sensors, loud 120dB emergency sirens, and instant SMS alert systems.

5. ESTIMATE TERMS & CONDITIONS

1. This estimate is valid for 30 days from the date of issue.
2. This document is confidential between the client and the service provider.
3. The estimate excludes meals, accommodation, transport, and park fees, unless otherwise stated.
4. Work will commence only upon written approval of the estimate.
5. Any additional work or changes outside the agreed
